Staff Acceptable Use of Technology Policy

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use The Marist Catholic Primary School's IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for learners, they are asked to read and sign the staff Acceptable Use of Technology Policy.

Our Acceptable Use of Technology Policy is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the Acceptable Use of Technology Policy will help ensure that all staff understand school expectations regarding safe and responsible technology use, and can manage the potential risks posed. The Acceptable Use of Technology Policy will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

It is recognised that social networking has the potential to play an important part in many aspects of school life, including teaching and learning, external communications and continuing professional development. Leadership Oversight and Approval

1. Remote learning will only take place using TEAMS
2. Staff will only use school managed or specific, approved professional accounts with learners and/or parents and carers.
 - Use of any personal accounts to communicate with learners and/or parents/carers is not permitted.
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the Designated Safeguarding Lead (DSL) and Headteacher.
 - Staff will use work provided equipment where possible e.g. a school/setting laptop, tablet, or other mobile device. (If this is not provided, leaders should ensure clear expectations are in place in relation to safeguarding and data security when using personal devices e.g. using strong passwords, suitable levels of encryption, logging off or locking devices when not in use etc.)
3. Online contact with learners and/or parents and carers will not take place outside of the operating times as defined by SLT
4. All remote lessons will be formally timetabled; a member of SLT, DSL and/or head of department is able to drop in at any time.
5. Live streamed remote learning sessions will only be held with approval and agreement from the headteacher/a member of SLT. (Amend in line with school process)

Data Protection and Security

6. Any personal data used by staff and captured by TEAMS when delivering remote learning will be processed and stored with appropriate consent and in accordance with our data protection policy.
 - Only needed if personal data will be used/stored. If so, detail specifics of how this will be achieved e.g. using bcc to email multiple users. Schools and colleges should continue to follow the guidance outlined in the data protection: toolkit for schools when managing personal data.
7. All remote learning and any other online communication will take place in line with current school confidentiality expectations as outlined in the Data Protection Policy as Staff Code of Conduct.
8. All participants will be made aware that TEAMS records activity. Only needed if the session is recorded by the system: settings should amend as appropriate to the approach and system being used. Please note, consent from those involved in the session is required if settings are recording activity. Settings should be clear about how recordings will be stored, how long they will be kept for and who will have access to them, in line with your existing data protection policy.
9. Only members of The Marist Catholic Primary School community and external IT support services will be given access to TEAMS.
10. Access to TEAMS system will be managed in line with current IT security expectations as outlined in the School Online Safety Policy.

Session Management (Not all statements will be needed if settings are not delivering live content)

11. Staff will record the length, time, date, and attendance of any sessions held.
12. Appropriate privacy and safety settings will be used to manage access and interactions. This includes:
 - Detail specifics according to the system being used e.g. language filters, disabling/limiting chat, staff not permitting learners to share screens, keeping meeting IDs private, use of lobbies or equivalent.
13. When live streaming with learners: Remove if not live streaming with learners.
 - contact will be made via learners' school provided email accounts and/or logins. Amend as appropriate.
 - staff will mute/disable learners' videos and microphones. Amend as appropriate to system and SLT decision e.g. if learners' video/microphones should be muted throughout or if they will be allowed under staff control at specific times.
 - at least 2 members of staff will be present. Amend as appropriate to system and SLT decision.
14. Live 1 to 1 sessions will only take place with approval from the headteacher/a member of SLT. A parent must be present in the room during the session. Remove if not permitted at all.
15. A pre-agreed invitation/email detailing the session expectations will be sent to those invited to attend.
 - Access links should not be made public or shared by participants.
 - Learners and/or parents/carers should not forward or share access links.
 - If learners/parents/carers believe a link should be shared with others, they will discuss this with the member of staff running the session first.
 - Learners are encouraged to attend lessons in a shared space or room with an open door and/or when appropriately supervised by a parent/carer or another appropriate adult.
16. Alternative approaches and/or access will be provided to those who do not have access. Amend in line with school policy/process.

Behaviour Expectations

17. Staff will model safe practice and moderate behaviour online during remote sessions as they would in the classroom.
18. All participants are expected to behave in line with existing school policies and expectations. This includes:
 - Appropriate language will be used by all attendees.
 - Staff will not take or record images for their own personal use.
 - Setting decisions about if other attendees can or cannot record events for their own use, and if so, any expectations or restrictions about onward sharing.
19. Staff will remind attendees of behaviour expectations and reporting mechanisms at the start of the session.
20. When sharing videos and/or live streaming, participants are required to:
 - wear appropriate dress.
 - ensure backgrounds of videos are neutral (blurred if possible).
 - ensure that personal information and/or unsuitable personal items are not visible, either on screen or in video backgrounds.

21. Educational resources will be used or shared in line with our existing teaching and learning policies, taking licensing and copyright into account.

Policy Breaches and Reporting Concerns

22. Participants are encouraged to report concerns during remote and/or live streamed sessions:

- Learners should report concerns to the member of staff running the session or tell parent/carer.

23. If inappropriate language or behaviour takes place, participants involved will be removed by staff, the session may be terminated, and concerns will be reported to the Headteacher.

24. Inappropriate online behaviour will be responded to in line with existing policies such as Acceptable Use of Technology Policy, Child Protection and Safeguarding Policy, Staff Code of Conduct and Behaviour Policy.

25. Sanctions for deliberate misuse may include: restricting/removing use, contacting police if a criminal offence has been committed.

26. Any safeguarding concerns will be reported to the Designated Safeguarding Lead, in line with our Child Protection and Safeguarding Policy.

I have read and understood the Marist Catholic Primary School Acceptable Use of Technology Policy for remote learning.
